To Whom it May Concern:

I am writing you this letter in recognition of the incredible work Evan Briscall had done for our agency, his professionalism and his eagerness to support our efforts.

The Pregnancy Care Centre is a non-profit agency that supports young women who may be experiencing an unplanned pregnancy. We assist them as they face difficult decisions and make plans for their futures. Our funding comes from private donations either from individuals, churches or businesses. We have two major fundraisers throughout the year and these enable us to meet the needs of our clients all year long.

Evan was referred to us as a responsible individual with a talent for making promotional videos, and we enlisted his help to make a promo video for our annual "Walk for Life" event in June of this year. Evan was very generous with his time and willingness to go the extra mile to accommodate our need for a video quickly as another individual had submitted an unsatisfactory product and we were running out of time.

I would absolutely recommend Evan as an individual of high integrity and dependability. We would not hesitate to urge others to make use of his talents, and we will certainly be calling on him in the future if a similar need arises.

I hope this letter for Evan has been helpful, and if you have any further questions, please don't hesitate to call me.
